

Lake Minnie Belle Association Minutes
October 26

Meeting called to order by Kristen Jaquith.

August minutes. Bob motioned to approve minutes and John seconded. Treasurer's report Todd paid MCAL for \$20 in dues and Limnopro \$453 for starry stonewort dive. Treasurer is absent and Kristen will connect to pay ENO insurance.

Old Business:

2022 grants were submitted last week by Kristen. The grants were for inspections and treatment.

Reporting for 2021 was sent today to Arianna AIS coordinator for Meeker County. She said it looked good.

AIS: Don sent info on the zebra mussel traps and they had zebra mussels on all them. Adopt a Highway first week in October for clean up. Small turn out. We would like to update emails to get the information out sooner. Limnopro dive summary stated the dive was for starry stonewort, zebra mussel, curly leaf and milfoil. Only zebra mussels were found. Don will be the contact for Limnopro. Our new treatment for mifoil is working.

Newsletter: Plan is to have it out next week. Chris is open to helping out on the newsletter for next year.

MCAL: 33,000 dollars is set aside for Meeker county grants. Up to 300.00 for water testing. Grants are due November 19th. We need to get info out on the MB9 project. Karen and Kristen will look for the info on it.

Directory on hold until Jeff checks in.

Meetings will stay on the 4th Tuesday of the month.

Motion to adjourn by Kristen, second by Dean and Chris.
